

YUANDA GAS DIESEL BOILER

Working Site & Shipment

WNS15 For
Brewery
Factory

**WNS15 for
Food Industry**

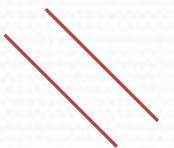

Two Sets WNS15 +WNS20 For Pipe Pile

Yuanda WNS20 Boiler delivery to Nigeria

Yuanda WNS15 Boiler delivery to Indonesia

Yuanda YYW5600 Gas fired thermal oil Boiler delivery to Thailand

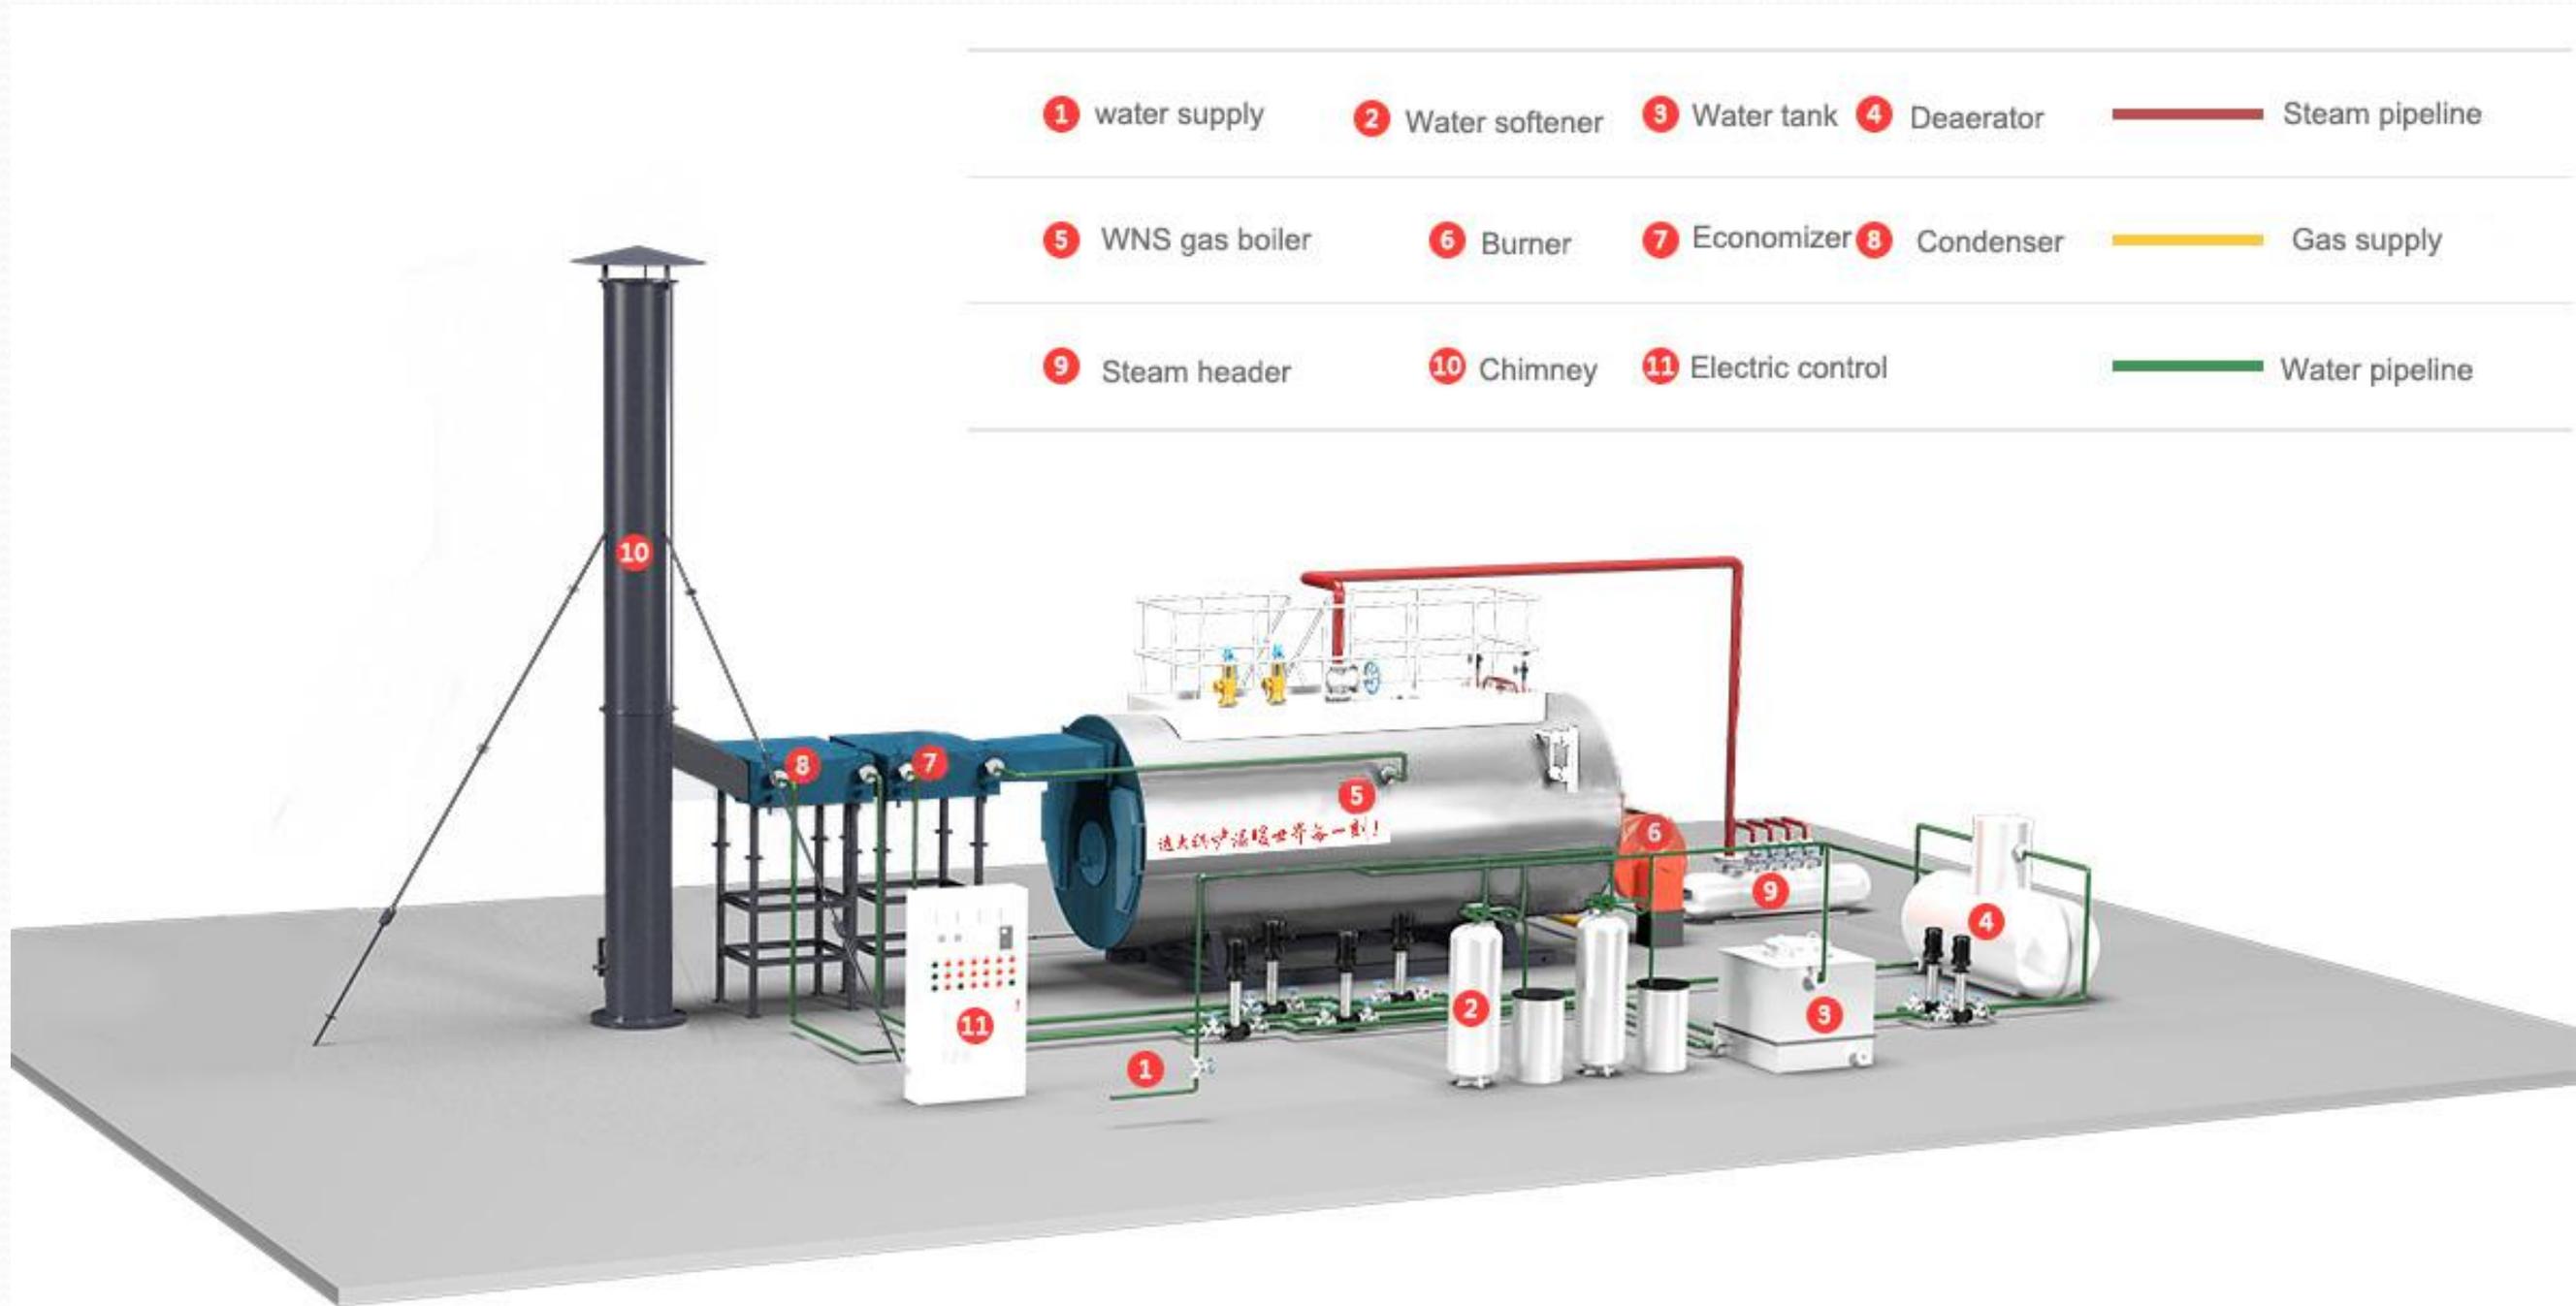

Yuanda WNS15 Installation site

Yuanda WNS20 Boiler installation site

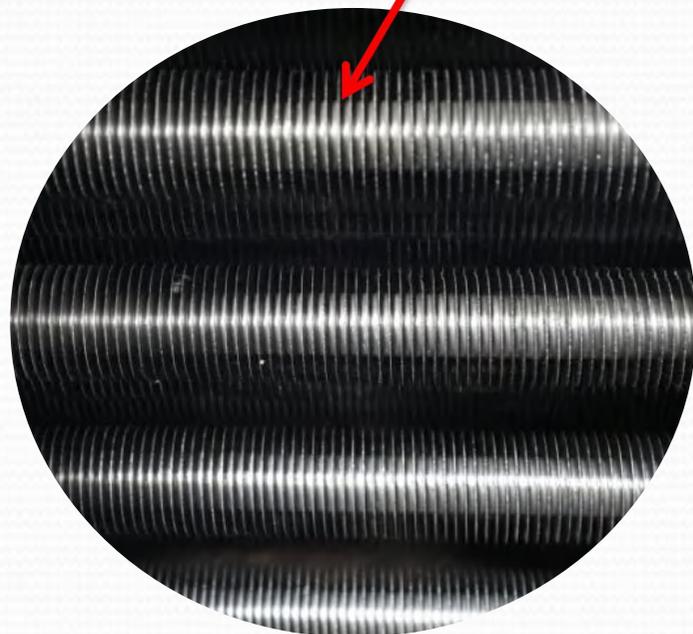

Boiler System Showing

Two-stage energy-saving equipment

Recycle exhausted smoke to heat feed water, saving fuel & eco-friendly device,
Independent R&D design, high matching, reduce 6% fuel consumption, efficiency up to 99.7%

Aluminum finned tube

ND steel material

60mm thickness Aluminum silicate insulation

Control panel

- ◆ SIMENS PLC
- ◆ SIMENS 10" touch screen
- ◆ Steam flowmeter
- ◆ Frequency conversion continuous water supply
- ◆ Designed by Yuanda Boiler Own Electrical Dept.

1. Water level protection

2. Over pressure protection

3. Flame out protection

4. Exhausted smoke over temperature protection

5. Design with the 5th Water level detector

Interlock Protection
